

Technology Strategist, Transformation Expert, Entrepreneur & Author

Gregor Schumacher

Gregor Schumacher combines more than 25 years of experience in the technology industry with an interdisciplinary perspective on the economic and geopolitical consequences of technological change. In his keynotes, Schumacher connects technological developments with economic forces, geopolitical interests and surprising historical parallels and up-to-date examples. He makes complex changes understandable, challenges conventional fears about the future and reveals new opportunities. Above all, he connects the big picture to business reality: What do these developments mean for an organization's business model, operations and strategic decisions? He draws on firsthand experience: Schumacher has personally led and implemented the technologies and transformations he...
