

CEO of Kozyr, AI Luminary, former Chief Decision Scientist at Google & Pioneer of Decision Intelligence

Cassie Kozyrkov

Cassie Kozyrkov is the founder of Decision Intelligence and served as Google's first Chief Decision Scientist, leading the company's transformation into an AI-first organization. Today, she advises leaders around the world on turning AI into real results. Loved for her practical insight and quick humor, she is as accomplished onstage as in the executive suite, with more than 1,500 hours of presenting experience worldwide. Cassie Kozyrkov Lecture topics 1. When AI Can Act, Leadership Must Change How to steer your organization through the next wave AI isn't just changing how leaders work. It's changing what leadership is. As AI moves...
