

Expert on Digitalisation, AI & Transformation in SMEs

Julian Yogeshwar

Julian Yogeshwar is Managing Director of Just Forward – an AI consultancy for future-proof SMEs. After studying business management with a focus on technology management at the University of St. Gallen (HSG), Julian Yogeshwar initially worked for various leading consultancies and tech companies. He then founded the AI consultancy Just Forward, which helps SMEs to utilise artificial intelligence profitably. As a digital native, Julian has always been enthusiastic about the seemingly limitless possibilities of the digital world – a huge playground where only the imagination sets the boundaries. Julian Yogeshwar lecture topics Julian's drive is to use digitalisation to make…
