

Expert on Cyber Security & Artificial Intelligence

Alexandra Forsyth

Alexandra Forsyth is a leading threat intelligence strategist who transforms complex cyber risks into clear, actionable insights for global enterprises. With her background in retail, fashion, and technology, she helps teams anticipate threats and turn cybersecurity into a measurable business advantage. As the founder of AF's Retail Guide and host of the podcast "Take a Chance on You," Alexandra brings clarity to digital fraud trends and celebrates innovation through storytelling. Her TEDx talk and advocacy underscore her belief that culture is the key to security. A sought-after speaker and recognized industry pioneer, Alexandra Forsyth equips her audience with the tools...
