

Awarded global thought leader on enterprise transformation, Start-Up Expert, Investor, Cloud Native & Future-Tech Expert

Sebastian Kister

Sebastian Kister – World Champion Entrepreneur, Cloud Pioneer & “People-First Transformation” Leader Sebastian Kister is a world champion entrepreneur and one of the leading minds in cloud platforms, agentic operations, and cultural transformation within international enterprises. As a multi-award-winning IT visionary, he has spent over a decade shaping the path of large organizations towards a future-proof, people-centered technology landscape. In his current role as Multiple Team Lead in the automotive industry, he is responsible for operating and advancing mission-critical cloud platforms in Germany and Hungary – and was the first to implement a production-ready Agentic AI Operations Architecture in an...
