

Brain and memory world champion, three-time world record holder, expert in memory and mental strength

Daniel Jaworski

Daniel Jaworski – The Super Brain Daniel Jaworski is one of the best-known memory experts in the German-speaking world – and a real stage phenomenon. For over 25 years, he has been thrilling people of all ages and career levels with his live shows and keynotes. He combines scientifically sound expertise with spectacular demonstrations of his own abilities: 300 digits of ? forwards and backwards? 400 historical dates? The 200 largest cities and their populations? All live – all retrieved from his memory. Not to impress, but to prove that anyone can learn to do this. The secret to his...
