

Expert on AI, Cybersecurity, Business Transformation & Change Management

## Gurps Khaira

Gurps Khaira is an internationally recognised keynote speaker and expert on AI, Cybersecurity, Business Transformation and Change management. Born in India during a time of civil unrest and terrorism, Gurps Khairas earliest years unfolded in an environment marked by fear, volatility, and constant uncertainty. At just five years old, he experienced the unimaginable loss of his mother to suicide, a moment that could have defined his life through limitation. Instead, it sparked a quiet but powerful resilience that became the foundation of his character. Those early experiences didn't break him; they forged a mindset built on discipline, focus, and an...
