

Entrepreneur, Bridge-Builder between Generations & Systems

Bernd Breiter

Bernd Breiter is one of the leading figures at the intersection of culture, technology and social transformation. As the founder of BigCityBeats and the initiator of the WORLD CLUB DOME, he has redefined the international events and entertainment industry over three decades and created formats that go far beyond traditional events. Bernd Breiter Lecture topics Access over Power – Leadership in Complex Times Why traditional authority is losing its impact and why access is becoming the key leadership resource – and how decision-makers can provide direction without exercising control. The Smart Rebel Shift – We Don’t Have a Knowledge Problem…
