

Expert in cyber risks, risk decision-making and strategic cyber investments

Simon Thomas Dejung

As an entrepreneur, cyber risk expert and founder of CyQrd AG, Simon Thomas Dejung is one of the most prominent voices in the German-speaking world on the intersection of cyber security, risk management and economic decision-making. Simon transforms one of the greatest management ambiguities into a decision-ready question: „Do we invest 2 million in cyber security – or do we risk losses of 200 million?“ In many board meetings, one key question remains unanswered: „What is really at stake?“ This is precisely where Simon Thomas Dejung comes in. He creates decision-making certainty amidst uncertainty in a field that is all...
