AI Explainer, Author & Business Comedian

Jan Ditgen

Jan Ditgen is the AI explainer. He is one of the most sought-after keynote speakers on the subject of artificial intelligence because he knows how to get his audience excited about AI. He is the ideal speaker for companies wishing to introduce their staff to the world of AI. When it comes to presenting the topic of artificial intelligence at client events in a gripping, well-informed yet relaxed manner, he is in his element. He is known for his accessible AI talks, which combine technical substance, humour and a strong stage presence. As a keynote speaker, author and business cabaret…
