

Trendspotter & Trendanalyst

Magnus Lindkvist

Nothing is shaped more by the present than prophecies about the future. That is the starting point for Magnus Lindkvist. Magnus Lindkvist is a trendspotting futurologist and author who weaves together important current trends to forecast what life, society and business might look like in the future. Having delivered over a thousand keynotes in the last three decades he has impressed and enlightened everyone from CEOs of global companies to civil servants in the Middle East. He has received numerous awards and his performances and books are widely praised. Magnus Lindkvist Lecture Topics 50 Ways to Future-Proof your Work and…
