

Expert on modern Leadership, Empowerment & Exponential Change

Nicole Brandes

How digital transformation makes the human element more and more important. Nicole Brandes is one of the top consultants of Bob Proctor, one of the world's leading teacher in human potential and a master in personal development.

Nicole Brandes, one of the world's leading experts on leadership, the future of work and human development in an increasingly fast-paced and technology-driven world. Her talks focus on future leadership skills and human development in a rapidly changing, technology-driven world. Whilst we continue to push the boundaries of high-tech, the...
