Futurist & Trendscout - Future Matters

Lars Thomsen

520 Weeks: What to Expect in the Next 10 Years to Come.

Lars Thomsen is one of the world’s leading futurologists. Born in Hamburg in 1968, the trend and futurologist is recognised as one of the most influential experts on the future of energy, mobility and smart networks. He advises entrepreneurs, companies, institutions and government-related bodies in Europe on the development of…
