

Expert for Innovation, IT & Management. Bestseller Author

Gunter Dueck

Gunter Dueck is an absolutely exceptional speaker and one of the very few keynote speakers who proves such depth in his variety of topics! His interests have always been wide-ranging and this was reflected in his professional career, because he learned about the most diverse structures in addition to the variously shaped contents, and gained his lessons and new perspectives from this. Gunter Dueck lecture topics: Flachsinn: About good and bad attention or criticism of the new attention economy. Change! Change! Appropriate attitude of people: About nerds, techies and other species swarm stupidity BREAK UP! Why we must become a...
