

Expert on Innovation, Digitalization, Industry 4.0, IT & Management. Bestseller Author

Gunter Dueck

Gunter Dueck – mathematician, innovator, business philosopher and author. As a sought-after speaker, Gunter Dueck inspires companies from a wide range of industries and at various event formats. With his experience, he adapts his presentations to the wishes of his clients and thus convinces with individual presentations that hit the nerve of the event. Whether it's about team and work culture or change – Gunter Dueck shows you how to prepare yourself and your company for the future. The business philosopher and mathematician is neither a technical innovator nor a theorist. Gunter Dueck knows how to present developments and trends...
