

Director of the Future of Humanity Institute Oxford University

Nick Bostrom

Nick Bostrom is a Swedish-born philosopher with a background in theoretical physics, computational neuroscience, logic, and artificial intelligence, as well as philosophy. He is a Professor at Oxford University, where he heads the Future of Humanity Institute as its founding director. Bostrom is the most-cited professional philosopher under the age of 50. He is the author of some 200 publications, including Anthropic Bias (2002), Global Catastrophic Risks (2008), Human Enhancement (2009), and Superintelligence: Paths, Dangers, Strategies (2014), a New York Times bestseller which helped spark a global conversation about the future of AI. He has also published a series of…
