

Futurist & Expert for Future Management!

## Pero Mi?i?

Pero Mi?i? is internationally recognized as a leading expert in future management. He is the founder and CEO of FutureManagementGroup AG and Professor of Foresight and Strategy at Steinbeis University in Berlin. Dr. Pero Mi?i? advises the management teams and future experts of large corporations and leading medium-sized companies on future markets and future strategies and their realization. Pero Mi?i?: "Leaders in business and politics must offer a positive picture of the future, because leadership does not work without Vision. Those who see a bright future ahead of them achieve more, are happier and even healthier." He is a keynote...
