

Futurist & Expert for Future Management!

## Prof. Dr. Pero Micic

Prof. Dr. Pero Micic is internationally recognised as a leading expert in future management. He is the founder and CEO of FutureManagementGroup AG and Professor of Foresight and Strategy at Steinbeis University in Berlin. Dr Pero Micic advises the management teams and future experts of large corporations and leading medium-sized companies on future markets and strategies, and how to implement them. Pero Micic: "Leaders in business and politics must offer a positive vision of the future, because leadership is impossible without a vision. Those who see a bright future ahead of them achieve more, are happier and even healthier." He...
