

Futurist & Global Thinker, Founder & CEO of ROOS ThinkTank for Cultural Innovation

Georges T. Roos

Futurologist Georges T. Roos – Futurology helps to make the future imaginable. So that better decisions can be made today for tomorrow. The future is uncharted territory – megatrends a first cartography of it. Uncertainties are anticipated in scenarios. Early recognition processes provide a head start for shaping the future. Georges T. Roos has been dealing professionally with the strategic future challenges of companies and organizations for 20 years. He is Switzerland's leading futurologist, known as an inspiring speaker on disruptive scenarios, megatrends, value change and strategic future fitness. Georges T. Roos is founder and director of the private future...
