

Essentialist & Entrepreneur

## Cédric Waldburger

Cédric Waldburger is a serial entrepreneur, investor and blockchain enthusiast. His involvement spans from fintech and eCommerce, to social networks and SaaS. He co-founded DFINITY – a blockchain startup backed by Andreessen Horowitz – and eight other high-tech companies in Europe and the US. He joined DFINITY early on and is now focusing on the Growth. He leads the initiatives on Developer and Mining adoption, alongside with heading some of DFINITY's partnerships. Cédric Waldburger previously co-founded and worked for various businesses around the globe (Zurich, New York, Paris, Hong Kong, London and Berlin) where he held roles on the technology...
