

Job-Tester

## Jannike Stöhr

Jannike Stöhr did what most people don't dare (yet). She quit her HR job, and instead of heading directly into a new position or new career, she decided to test 30 jobs in order to find her true vocation. Over the course of her year-long experiment, she came to some startling conclusions about digitalization, occupation, and the meaning of life which she recorded in The Dream Job Experiment. In 2018, her second book "Ich bin so frei", a guide to career change, was published by Jannike Stöhr together with Emilio Galli Zugaro. Since then, her personal exploration has continued to...
