

Innovator, Entrepreneur & Architect

Thomas Rau

Thomas Rau: Material Matters – Sustainability, Renewable Energy, Resource Scarcity and the Circular Economy. Thomas Rau is an innovator, entrepreneur, architect and one of the recognized thought leaders of the Circular Economy. He is the founder and CEO of Turntoo and RAU Architects, two of the first companies in the Netherlands to specialize in the circular economy. For many years, Thomas Rau has contributed to the international discussion on sustainability. In 2013, Thomas Rau was named Dutch Architect of the Year and received the Arc13 Oeuvre Award for his contribution to architectural discourse that extends far beyond the traditional boundaries…
