

Musician and Founder Drum Cafe Germany

Matthias Jackel

For most people making music is considered an exercise in excellence. But it is rather an exercise in mindfulness. And so it is with life: Our society and economy has done it for long – and is increasingly doing it – to put down a mindful living in the present moment to the benefit of a sheer exercise in excellence. This is where Matthias Jackel comes in. Matthias Jackel lecture topics: The rhythm of success – the rhythm of life How to release unexpected energies and bring about lasting success How to get people to “fly” How to make community...
