Expert Sales & Marketing

Philip Semmelroth

Self-Marketing Expert Philip Semmelroth helps employees, the self-employed and entrepreneurs maximize their sales success and present themselves as experts. His clients include international corporations and medium-sized companies. With his keynotes he inspires people all over the world, showed 2018 on 3 continents how success can be planned. His seminars always receive the best ratings. Very interactively he imparts practice instead of theory and takes fears into action in role plays.

You may call him a personal branding or sales expert, either way he is an entrepreneur and an international speaker that makes a difference. His formula for success is easy: he who masters the skill of selling himself will maximize his influence on others. He works with leaders and sales…
