

Entrepreneur, Expert in Digitization and Digital Innovation

Ömer Atiker

Ömer Atiker is an Expert for successful digital transformation. Serial entrepreneur. Advisor and strategy consultant. Interface between man and machine. Author of several successful books. „Nobody brings the future on stage quite as charming as him! “

Smart answers and unexpected insights into the real-life issues of digital transformation. Almost all companies today are undergoing a digital upheaval – but success will only be achieved when those companies manage to align technology, business and people to a common cause. There are many experts on these topics, but...
