

Founders of the Denke Groß Institute and experts with many years of experience in coaching, personality development and training.

Dalina Dembler & Lucia Talotti

Through years of experience in corporate management in the areas of personal development, HR communication and change management together with qualified trainings in confrontational coaching, transformation coaching and studying general management, they have implemented their knowledge in the self-developed method for you to achieve the best possible result for your company and yourself.

We live in a fast-moving time. We rush from one to the next appointment. Today we are unlimited flexible and always available. Globalization and digitization have accelerated the corporate world. The amount of information in the information society relative to other areas of the social or economic system is increasing...
