

Extreme - Hiker, Founder of Digital Startup, Entrepreneur, Change-Maker

Florian Astor

Florian Astor: If you don't push yourself, you will be pushed. Sooner or later. Florian Astor was a successful manager in a large global corporation with traditional structures. Today he is an entrepreneur in his own startup. In between, two years and 8,500 km on foot. What started as an outdoor challenge soon turned into something else – a fundamental change of perspective. At the age of 30, Florian Astor was one of the youngest department heads of a renowned Dax corporation. That gave him a lot: recognition inside and outside the company, a comfortable standard of living, financial security....
