

Futurologist for Digitization, Sustainability, New Work, Resilience

Kai Gondlach

Kai Gondlach is one of Germany’s first scientific futurologists (M.A.) and a best-selling author. In his keynotes, he focuses on imparting future competence. With his lectures, he inspires people with scientifically sound ideas for actively shaping their future. Experience Kai Gondlach live with a groundbreaking lecture on the future. Get yourself and your target group ready for the future, experience a dynamic change of times and tangible perspectives. Kai Gondlach: “The future is a question of perspective.” With exciting ideas, he entertainingly and strikingly transforms scientifically sound theses and complex scenarios into clear messages and practical decision-making aids. Kai Gondlach…
