

Futurologist for Digitization, Sustainability, New Work, Resilience

Kai Gondlach

Kai Gondlach is one of the first scientific futurologists in Germany. In his keynotes, he primarily conveys future competence. With exciting impulses, he transforms scientifically based theses and complex scenarios into clear messages and decision-making aids for practice in an entertaining and striking manner. Kai Gondlach Lecture topics Future – Inspiring passion for futures. Artificial Intelligence – ...and why humans remain irreplaceable. New Work – Professions of the future and why holocracy is not a matter of inclination. Education – Why we need a system revolution and what's next. Digitalization 5.0 – Sustainability, regenerative futures, AI and Industry 5.0. Metaverse...
