

Business Futurist, CEO & Founder, Digital Competence Lab, Keynote Speaker

Sven Göth

Sven Göth is CEO & Founder of the Digital Competence Lab, one of the largest decentralized expert networks in the German-speaking world. Sven Göth supports companies and institutions that are realigning themselves with impulses and solutions. With a core focus on digital transformation, disruption and changing living and working environments, he works with clients to develop future-proof business models and strategies. Sven Göth: " We have stopped dreaming and are managing the status quo. It's time for a change and it starts in the mind." Sven Göth lecture topics In lectures and workshops, Sven Göth provides inspiring impulses for your...
