

Tech Influencer, Investor, Business Angel, Entrepreneur & Startup Coach, Trendscout, World Traveler

## Sophia Tran

Sophia Tran recognized her interest in computers and IT at an early stage and decided to study electrical engineering at RWTH Aachen University. When she then successfully completed her master's degree in business administration with a focus on marketing, she had already been familiar with the agency business for several years. She gained her first experience in an international management consultancy, later at the luxury company LVMH and at a business publishing house as Head of Business Development & Innovation. Sophia Tran: Tech Influencer & Moderator Her passion for travel also arose through various projects in the USA and France....
