

Professor of Strategic Management and Organizational Design

Univ.-Prof. Dr. Markus Reitzig

Univ.-Prof. Dr. Markus Reitzig is an expert in strategic organizational design. He is Chair of Strategic Management at the University of Vienna, a sought-after speaker at congresses and corporate events, and the author of numerous scientific as well as popular essays on business and social science topics. In his research, he examines how innovative organizations function and how they can be improved to achieve their goal; what role they will play in the future world of work; and what the consequences are for leadership. In his seminars and lectures, he inspires audiences with his content; as a scientific consultant, he...
