

Founder & CEO Exponential Innovation Institute - Innovation, Digitalization & Mindset

Dr. Uve Samuels

Dr Uve Samuels is an expert and speaker on radical innovation, transformation, digitalisation and education. As founder & CEO of the Exponential Innovation Institute in Hamburg, he deals with the central question: Why do German companies fail at digitalisation and how can we prevent this? In his role as an entrepreneur, he is a thought leader for a new mindset and a doer for the transformation of our country. Having implemented more than 100 transformation projects in companies and supported over 100 start-ups, Uve Samuels has unique experience. Uve Samuels gets people to think and act differently. With the 'Five...
