

Founder & CEO Exponential Innovation Institute - Exponential Pioneer

Dr. Uve Samuels

Dr. Uve Samuels is a speaker and expert on innovation, transformation, digitization and education. As Founder and CEO of the Exponential Innovation Institute, he addresses the central question: Why do German companies fail in digitization and how can we prevent this? In his role as an entrepreneur, he is a thought leader for a new mindset and doer for the transformation of our country. Having delivered 100 transformation projects for corporates and guided over 100 startups, he has unique experience. Uve Samuels gets people to rethink and take their own action. With the "Five Exponential Principles" he has developed the...
