

Senior Vice President of Advanced Concepts at Blue Origin, Astrophysicist

Prof. Dr. Thomas H. Zurbuchen

Thomas H. Zurbuchen, known in the space community as Dr. Z, is a Swiss-American astrophysicist, leader, and innovator. In October 2026, Thomas H. Zurbuchen was appointed Senior Vice President of Advanced Concepts at Blue Origin, a company founded by Amazon founder Jeff Bezos. Jeff Bezos on Blue Origin: “It is this generation’s responsibility to pave the way to space so that future generations can give free rein to their creativity. Our mission is: We are paving the way to space for the benefit of Earth.” Thomas H. Zurbuchen was the longest continually serving Head of Science at NASA from October…
