

Entrepreneur & Expert for innovative leadership

Jens Heitland

Jens Heitland is a versatile innovator and entrepreneur. His experience includes positions at IKEA, Deutsche Bank and Fjord (Accenture), where he focussed on innovation and leadership. At IKEA, he served as Global Head of Innovation and played a key role in developing sustainability strategies for the company. His passion for sustainability and innovation led him to start his own company, HEITLAND Innovation GmbH, which focuses on supporting innovators. Jens Heitland: "Innovative leaders will change the world." His entrepreneurial projects focus on people-centred innovation and personal branding and have had a significant impact on the development of leaders in various industries....
