

Expert Artificial Intelligence & CEO Startup Creator

Florian Hübner

Florian Hübner, aka Mr Tech, is CEO of the AI agency Creator. Even before the topic of AI and chat GPT became popular, he was already designing AI solutions for customers with his software company. His contributions are a combination of education and entertainment (“edutainment”). Since the beginning of 2023, he has collected more than 100 million impressions on the topic of AI on social media. With over 300,000 followers, Florian Hübner has not only become Europe’s largest AI influencer in record time, but also a sought-after guest speaker and keynote speaker on the stages of AI conferences, trade fairs...
