Business, Innovation and Digitization Enabler
The client is not only at the center of the universe, but rather creates customer-centricity!

Stefan Lettig

Ideas and not utopia. Order supports creativity. Digitization is 360°.

Stefan Lettig (Master in Management, ETH Lausanne MBA in Finance, City University of Seattle, Washington State) is a recognized expert on the disruption, innovation and digitization scene, an innovation and digitization forerunner in management consulting, who already in 2008 conducted his first successful innovation project. Stefan Lettig is a forerunner...
