

## **Client Testimonials for Arne Elias Corneliusen**

NRCI's CEO Arne Elias Corneliusen gave an excellent virtual presentation to AIG, providing a compelling and insightful analysis of the challenging geopolitical environment for business. In 45 minutes, he expertly covered an impressively wide range of global topics. Arne has broad and deep expertise, and the ability to combine detailed regional knowledge with a genuinely global and 'big-picture' perspective.

I had the pleasure of hearing Arne Elias Corneliusen speak at SuperReturn Africa 2023 in Cape Town and I could not have chosen a more well-suited, passionate, and interesting keynote speaker. His way of presenting is truly remarkable, and he has a very unique way of engaging his audience through storytelling. His speech was insightful and allowed us to learn a great deal on the geopolitics and macro-economics of Africa from different angles in a short period of time. It was a delight to work with him. He was respectful, communicated excellently and showed great enthusiasm throughout the process and I highly recommend him as a speaker at your next event.

We had the pleasure of having Arne E. Corneliusen as our keynote speaker at the Danske Bank Annual Transaction Banking Conference 2022. Arne gave an excellent presentation on the global geopolitical landscape and answered our customers questions in a very enthusiastic and insightful manner, providing his own personal perspective. For these reasons and consistently positive customers feedback, we would definitely consider having Arne as a keynote speaker in our future events.

Arne Elias Corneliusen delivered an excellent keynote address at our recent Global Infrastructure Investment Conference in London. Arne did a great job keeping the audience engaged. His presentation was very insightful and the delivery seamless. Leading up to the conference Arne was very responsive, friendly, and helpful in making pre-event preparations as efficient as they can be. I would strongly recommend to book Arne as a keynote speaker for any similar industry events.
